FEEDBACKS

Ahmad isn't just a designer; he's like an artist, someone who's really good at creating beautiful things. He's been with us for a long time, and his work has always been top-notch.

Ahmad pays attention to even the smallest details and knows exactly how to make things look great. He's really good at mixing new ideas with practicality, which means his designs not only look amazing but also work really well for the people who use them.

In simple words, Ahmad's designs bring our projects to life in a really special way. We're lucky to have him on our team, making everything he touches better with his talent and hard work.

ROSHANAY ASIF SHEIKH

Beanbags Tech

Ahmad Kaleem has been an integral part of day-to-day graphic designing tasks. He has been contracted for Gemini Office Products (USA) through Interpro Services since early May 14, 2023.

Throughout his tenure, Mr. Ahmad consistently demonstrated exceptional skills in assigned creative graphic designing tasks. He has good communication skills, and most importantly has a great sense of time management. Mr. Ahmad is a dedicated and reliable professional who always goes above and beyond to ensure the success of any project assigned.

In addition to his proactive skills, Mr. Ahmad possesses excellent interpersonal skills. He has a natural ability to work well with given graphic designing tasks at all levels. His nature and willingness to accept challenging assignments make him a valued member of our small business.

AZHAR RAJA

Gemini Office Products (USA)

I have worked with Ahmad on about 5 website designing projects in Figma. He is a very keen observer when it comes to learning and understanding the problem at hand. He quickly grabs on to the client's requirements and understands them. His empathy makes it easier for him to be attached with the project which really boosts the trust and confidence towards his design.

HASEEB TARIQ

UI/UX Designer

We were starting a new business which was going to provide the sports and fitness clothing to customers online. We had no name and an old logo in so, we approached Ahmad (Artistan Works)

We were short on time too but this guy provided the wonderful logo design services and showed us various designs and combinations of logos that we liked. Within two days we finalized the company logo and moved forward with other things.

His services are really the best and fast. I would definitely work with him again and highly recommend him to others as well.

ABDUL RAUF

I have worked with Ahmad on few projects. He is very keen and optimistic. His unique ideas and skillset makes him one of the best, I have worked with so far. As his designs are not just professional yet visually appealing. He quickly grabs the client's requirements and works till those are met.
